In October the project group had a field trip to Tunisia in order to plan for next summers camp. We had the chance to see 3 different camps of different quality. We have selected a smaller camp in a city north of Tunis (a pprox . 1 hour of driving). The camp is very close to the sea with a nice beach. There will be an option to sleep indoor a nice apartments and one large kitchen to share where food can be prepared for all. Really looking forward to next years event.

We also met with CEO of CNAM Slaheddine Montassar and HR manager Chokri Msolli to tell about the project. We also meet with the general secretary of the Tunisian scouts.

In the weekend we had a camp together with CNAM Scouts at Borj Cederia were the program was about democracy.

The cabin was very close to Bastrup Lake and the middle aged Bastrup Town ruins which in middle Age was important for the Knights. 12 scouts were present and formed the criterias which is now the basics for getting elected patrol leader. The election was made with several candidates among the scouts that wanted to be patrol leader or patrol assistant. They made small speeches in front of all the participants.
